GSK - Masterclass in Vaccinology 3.0

We are delighted to invite you to attend the third Masterclass in Vaccinology. This event has been organised and funded by GSK and is intended for healthcare professionals only. This is a non-promotional event and individual vaccines will not be discussed during the sessions.

This virtual, accredited* global event, brought to you by GSK, is a timely opportunity to join experts and peers to boost your knowledge of the key topics in adult vaccination today. Whether you are new to immunisation or a seasoned expert, our flexible agenda ([see here](#)) provides you the opportunity to choose a workstream according to your educational needs, and to select a time slot that suits your schedule.

Don't miss your opportunity to view this important event!

*The CPD Certification Service UK has approved the GSK Masterclass in Vaccinology 3.0 event as a certified webinar: 4 hours are allocated to this session. For potential acknowledgement, please contact your local Continuing Medical Education (CME) organisation.
