

# PROGRAMMING

On the 2/11/2023 PROGRAMMING CA 21122 is celebrating its

# 1<sup>st</sup> Birthday!

Our aim, PROMoting GeriAtric Medicine in countries where it is still eMergING, has been accomplished so far by:

- ➔ engaging more than **280 participants** from **40 countries**
- ➔ attracting more than **60 new applicants**
- ➔ organising **3 virtual** and **3 hybrid meetings**
- ➔ offering **26 grants**
- ➔ launching a **web-based survey** on educational needs of health professionals caring for older people ([www.cost-programming.eu/survey](http://www.cost-programming.eu/survey))

And we are growing **BIGGER!**

Interested in joining us?

This article/publication is based upon work from COST Action Programming, CA21122, supported by COST (European Cooperation in Science and Technology).  
COST (European Cooperation in Science and Technology) is a funding agency for research and innovation networks. Our Actions help connect research initiatives across Europe and enable scientists to grow their ideas by sharing them with their peers. This boosts their research, career and innovation.
