

British Geriatrics Society

Autumn Meeting, 23-25 November 2016, SECC, Glasgow

The BGS Autumn meeting will cover the latest scientific research and the best clinical practice in care of older people. Our ageing population is stimulating extensive NHS service redesign to deal with the challenge of caring for larger numbers of older people both in and out of hospitals. This conference will cover core areas of interest to all specialists responsible for the health care of older people in the United Kingdom.

Sessions and workshops on:

- Hospitals at Home
- Stroke
- Service Development
- Delirium
- Polypharmacy and prescribing in older people
- Health Promotion
- POPS - Perioperative assessment

Who should attend:

- Consultants and specialist doctors in geriatric medicine
- Researchers in geriatric medicine
- Doctors training in related specialties
- GPs wsi in older people and GP trainees
- Nurses and allied health professionals
- Core medical trainees considering a career in geriatric medicine

Accreditation will be applied for from the RCP (London)
